FREDERICK UNIVERSITY

Frederick University

Frederick University is a private University operating in the Republic of Cyprus, a member country of the European Union. Frederick University was established by a decision of the Council of Ministers of the Republic of Cyprus in 2007 and obtained its final official license in January 2012. Although the establishment of the University is relatively recent, the organisation has a long history of more than 50 years in higher education.

Since its establishment, Frederick University managed to achieve an impressive level of growth, in terms of student population, faculty members and academic infrastructure, and today is considered as one of the best-established universities in the region.

During this period, Frederick University was established in the society and the academic community as a modern university offering high quality teaching and research. It is also recognized as a university that offers innovative programs of study that address societal needs and, primarily, as a socially responsible university.

Republic of Cyprus

The beautiful island-nation of Cyprus is located in the south-eastern basin of the Mediterranean Sea, at the crossroads of Europe, Asia and Africa.

It is the third largest island in the Mediterranean, covering an area of 9,251 km² with a population of 880,000. Cyprus offers modern, cosmopolitan living, amidst a superb scenery of high mountain ranges, pine forests and fertile plains. Breath-taking coastlines and sunny beaches, and a historical and archaeological heritage of ten thousand years make the island the ideal place to live and study.

Cyprus enjoys warm, dry summers with an average temperature of 35° C (96° F) and rainy, mild winters with an average temperature of 12° C (52° F). Summer begins in mid-May and continues up to mid-October; winter begins in December and continues up to February. Spring and autumn are mild and pleasant.

The Republic of Cyprus is a member of the European Union, the United Nations, the Council of Europe, the Commonwealth of Nations, and other international bodies.

Above all, Cyprus is renowned for the warmth and hospitality of its people. All the above elements make the island an attractive destination for tourists, businessmen and students from around the world.

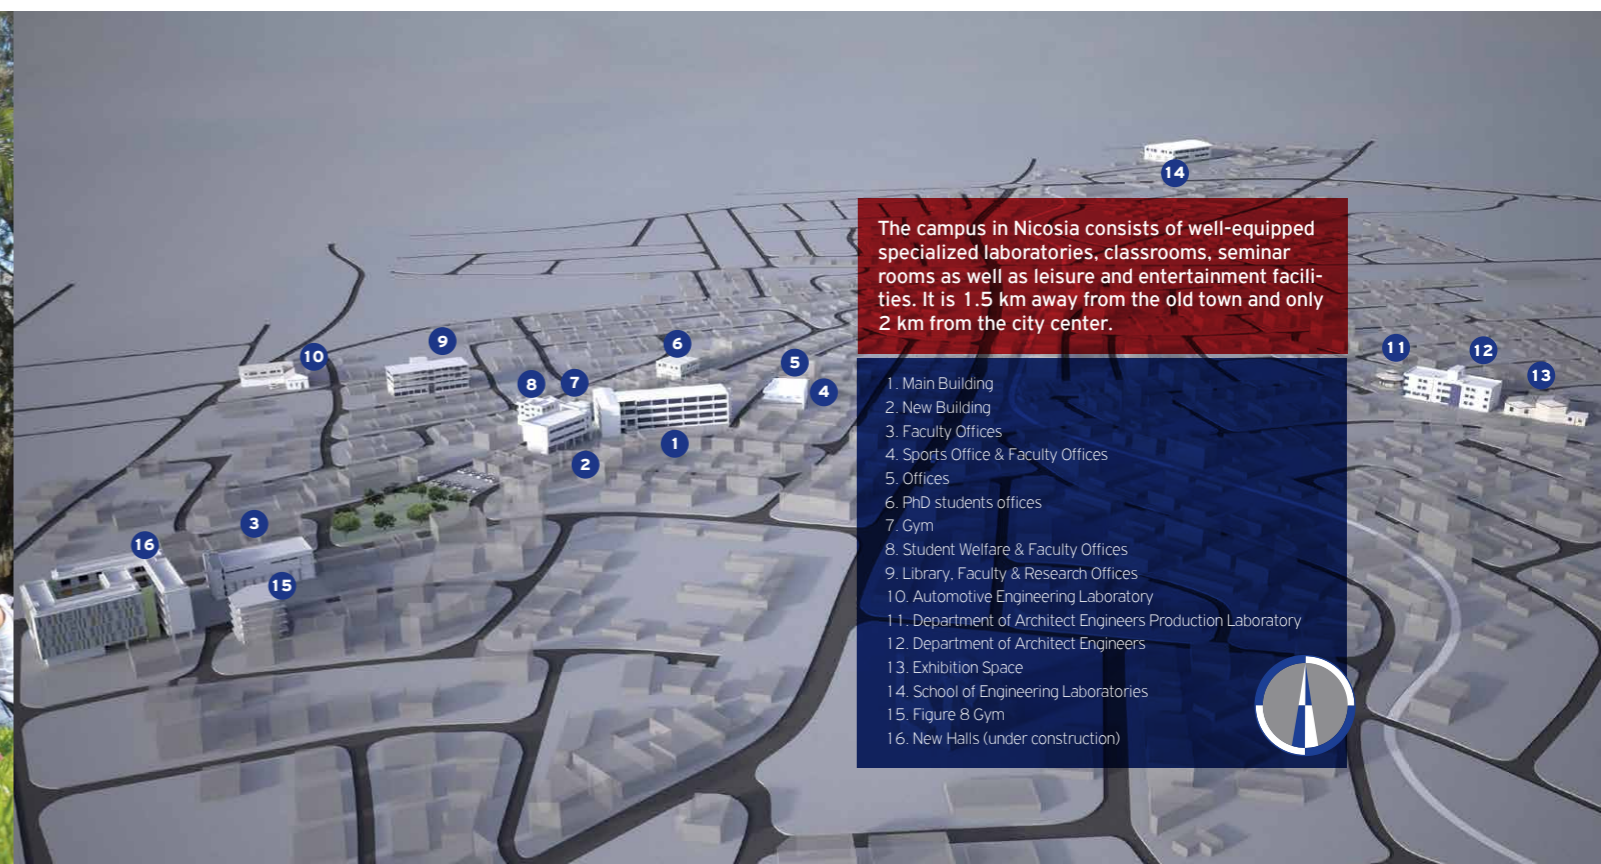

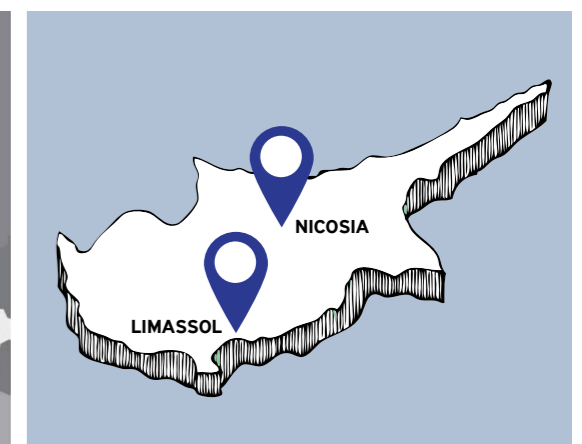

The University's Campuses

Frederick University operates from two campuses; the main campus is in Nicosia, the capital of Cyprus, and the other campus in Limassol, the second largest city.

The Nicosia campus comprises several buildings, all within walking distance from each other. The modern facilities include administration and faculty offices, a library, conference halls, lecture halls, classrooms, computer and engineering laboratories, arts and craft studios, workshops, a fitness center and modern cafeterias. The Campus is located at the Pallouriotissa area which is conveniently situated just two kilometers from the city center with easy access to government offices and foreign embassies, as well attractions such as monuments, museums, archaeological sites and beautiful parks. Besides being the capital of Cyprus, Nicosia is also the largest city on the island.

The Limassol campus comprises classrooms, computer and engineering laboratories, arts and crafts studios, workshops, a library, a seminar room, administration and faculty offices and a large cafeteria.

As a busy international port, cultural center and attractive tourist destination, Limassol offers a unique way of life. Students can visit some of the most ancient archaeological sites in the world, relax at idyllic beaches and attend world-class cultural events.

Recognition of Academic Titles

All programs of Study at Frederick University are fully recognized in the Republic of Cyprus by the competent authority, the Cyprus Council for the Recognition of Higher Education Qualifications (KY.S.A.T.S.), and thus by all European Union countries. By extension, degrees awarded by Frederick University have the appropriate merit internationally.

Highest Recognition by the European Commission: ECTS & Diploma Supplement Label

In 2012, Frederick University was awarded the ECTS Label, the highest recognition of the European Commission for the excellent application of the European Credit Transfer and Accumulation System (ECTS). Frederick University was among 23 other universities in Europe to receive the Label that year.

This supreme recognition by the European Commission followed the previous year's achievement; the awarding of the Diploma Supplement Label, a recognition of the excellent work done by Frederick University in implementing the Diploma Supplement. The Diploma Supplement (DS) accompanies a higher education diploma, providing a standardized description of the nature, level, context, content and status of the studies completed by its holder. The supplement is designed to facilitate academic and professional recognition. Both labels raise the profile of Frederick University as a transparent and reliable partner in European and international cooperation.

Academic Links

Frederick University places great importance on the establishment and strengthening of academic links with other reputable universities and institutions of higher education in Cyprus, Europe, USA, China and other countries. Such cooperation promotes knowledge sharing, joint programs of study, research collaborations, exchange of students and faculty..

Links with Professional Bodies and Industry

Frederick University programs enjoy the respect of employers and professional bodies and are continuously reviewed in consultation with industry representatives to reflect updated trends and requirements. All of Frederick University's programs have the official 'seal of approval' of professional bodies in the form of professional examinations, exemptions and requirements for membership.

The Academic Staff

The University faculty boasts years of experience in teaching and research and has distinguished itself in reputable international universities.

Student Services

Frederick University provides most of the student services through its Studies and Student Welfare Service. The aim of the Service is to contribute towards the development of an academic environment that promotes constructive learning, academic success and the socialization of the University students. The Service includes the following Offices:

- Studies Office,
- Admissions Office,
- Mobility Office,
- Career Office,
- International Students Office,
- Alumni Office,
- Student Ombudsman,
- Protection of Health Office,
- Counselling Center (Social and Psychological Support),
- Academic Support Office,
- Sports Office, and
- Housing and Accommodation Office.

Academic Advisors

Each student is assigned a personal Academic Advisor who offers academic guidance and support throughout the student's time at the University.

Scholarships

Frederick University awards scholarships based on academic merit or other criteria to selected home and international students at the beginning or during their studies. Further information on the various Scholarship Schemes can be obtained from the Admissions Office.

Student Life

In addition to the numerous opportunities that Cyprus offers for leisure activities, Frederick University aims at supporting students in order to enjoy an active and vibrant social life. The University organizes various cultural and leisure activities, such as excursions to the countryside, theatrical plays and music events. Furthermore the Student Welfare Office encourages students to participate in student clubs and societies. Additionally, the University considers sports an integral part of the educational process. It is a member of the Cyprus University Sports Federation and participates every year in the championships organized by the Federation.

Orientation

New students participate in an Orientation Program at the beginning of each semester which aims at familiarizing them with departments, programs of study, requirements, student services and campus facilities. Students have the opportunity to attend seminars that help them adjust to their new environment.

Working in Cyprus

Employment, to support your studies, is possible. After obtaining a postgraduate degree, you even have the opportunity to work for 12 months in a field related to your studies.

The President of the Republic of Cyprus, Nicos Anastasiades, at Frederick University's graduation ceremony.

Among Europe's top universities in the U-Multirank Ranking System

Frederick University showed top performance across various indicators, with 'A' score (the highest score) in nine categories in the global U-Multirank university ranking system. In addition, it ranked No. 201 among 1,070 European universities in the general ranking in which universities are evaluated based on all criteria. In the field of Regional Engagement in particular, the University ranked No. 88 among 1,070 European universities. Moreover its ranking in the field of research and more specifically in relation to the citations of research publications verifies the high quality of the University's work and operation. U-Multirank is one of the most important university evaluation and ranking systems in the world, supported and funded by the European Commission.

One of the few universities in Europe to receive the E-xcellence Label

As of the academic year 2019-2020, Frederick University is among the few European Universities that received the E-xcellence Label for Associates in Quality; a recognition of the continuous process of improving its e-learning performance. The label was granted by the European Association of Distance Teaching Universities (EADTU), Europe's leading institutional association in online, open and flexible learning. The E-xcellence Associates in Quality label, demonstrates that Frederick University offers quality controlled e-learning and keeps up to date with the latest developments. The E-xcellence Associates are focusing on the improvement of four priority elements of progressive higher education: Accessibility, Flexibility, Interactiveness and Personalisation.

open and flexible Learning

Admission Information

At Frederick University candidates are considered for admission on the basis of their academic qualifications, regardless of sex, race, national origin, color or religion.

POSTGRADUATE ADMISSION

PhD Degree
Candidates can apply to the program only following a relevant call. Each call specifies the academic domains of interest and specific admission details.

MSc/MBA/MA/MEd Degrees

Candidates must submit a recognized bachelor's degree or an equivalent qualification, as well as the official transcripts (grade reports) of their undergraduate studies. In addition, there might be special requirements for various postgraduate programs.

UNDERGRADUATE ADMISSION

Candidates for a bachelor's degree program should submit a school-leaving certificate from a recognized sixth-form secondary school (high school) with an average grade of 75% (Greek Cypriot secondary schools) or a grade "C" or its equivalent (other secondary schools), or an equivalent qualification. Candidates who submit a sixth-form secondary school-leaving certificate but do not meet the above grade requirements may be admitted on a probationary status, if they show potential for educational advancement. The probationary status will be removed, upon a satisfactory academic performance. Candidates admitted on probationary status may also be asked to enrol in foundation courses in order to improve their skills and/or to reduce their study load.

TRANSFER ADMISSION

Candidates who have graduated from a recognized sixth-form secondary school, and have completed university-level studies in an accredited program at an institution other than Frederick University, are eligible to apply for transfer admission.

WHEN TO APPLY

Frederick University academic year consists of the fall and spring semesters. Students classes begin either during the last week of September or the first week of February. Candidates may submit an application for admission in any of the semesters. Due to the fact that procedures for issuing an entry visa take at least 6 weeks, candidates are urged to submit their application at least 8 weeks prior to the expected date of enrolment. Students are expected to be on campus prior to the beginning of the semester/session. If needed, courses can be provided within the summer period.

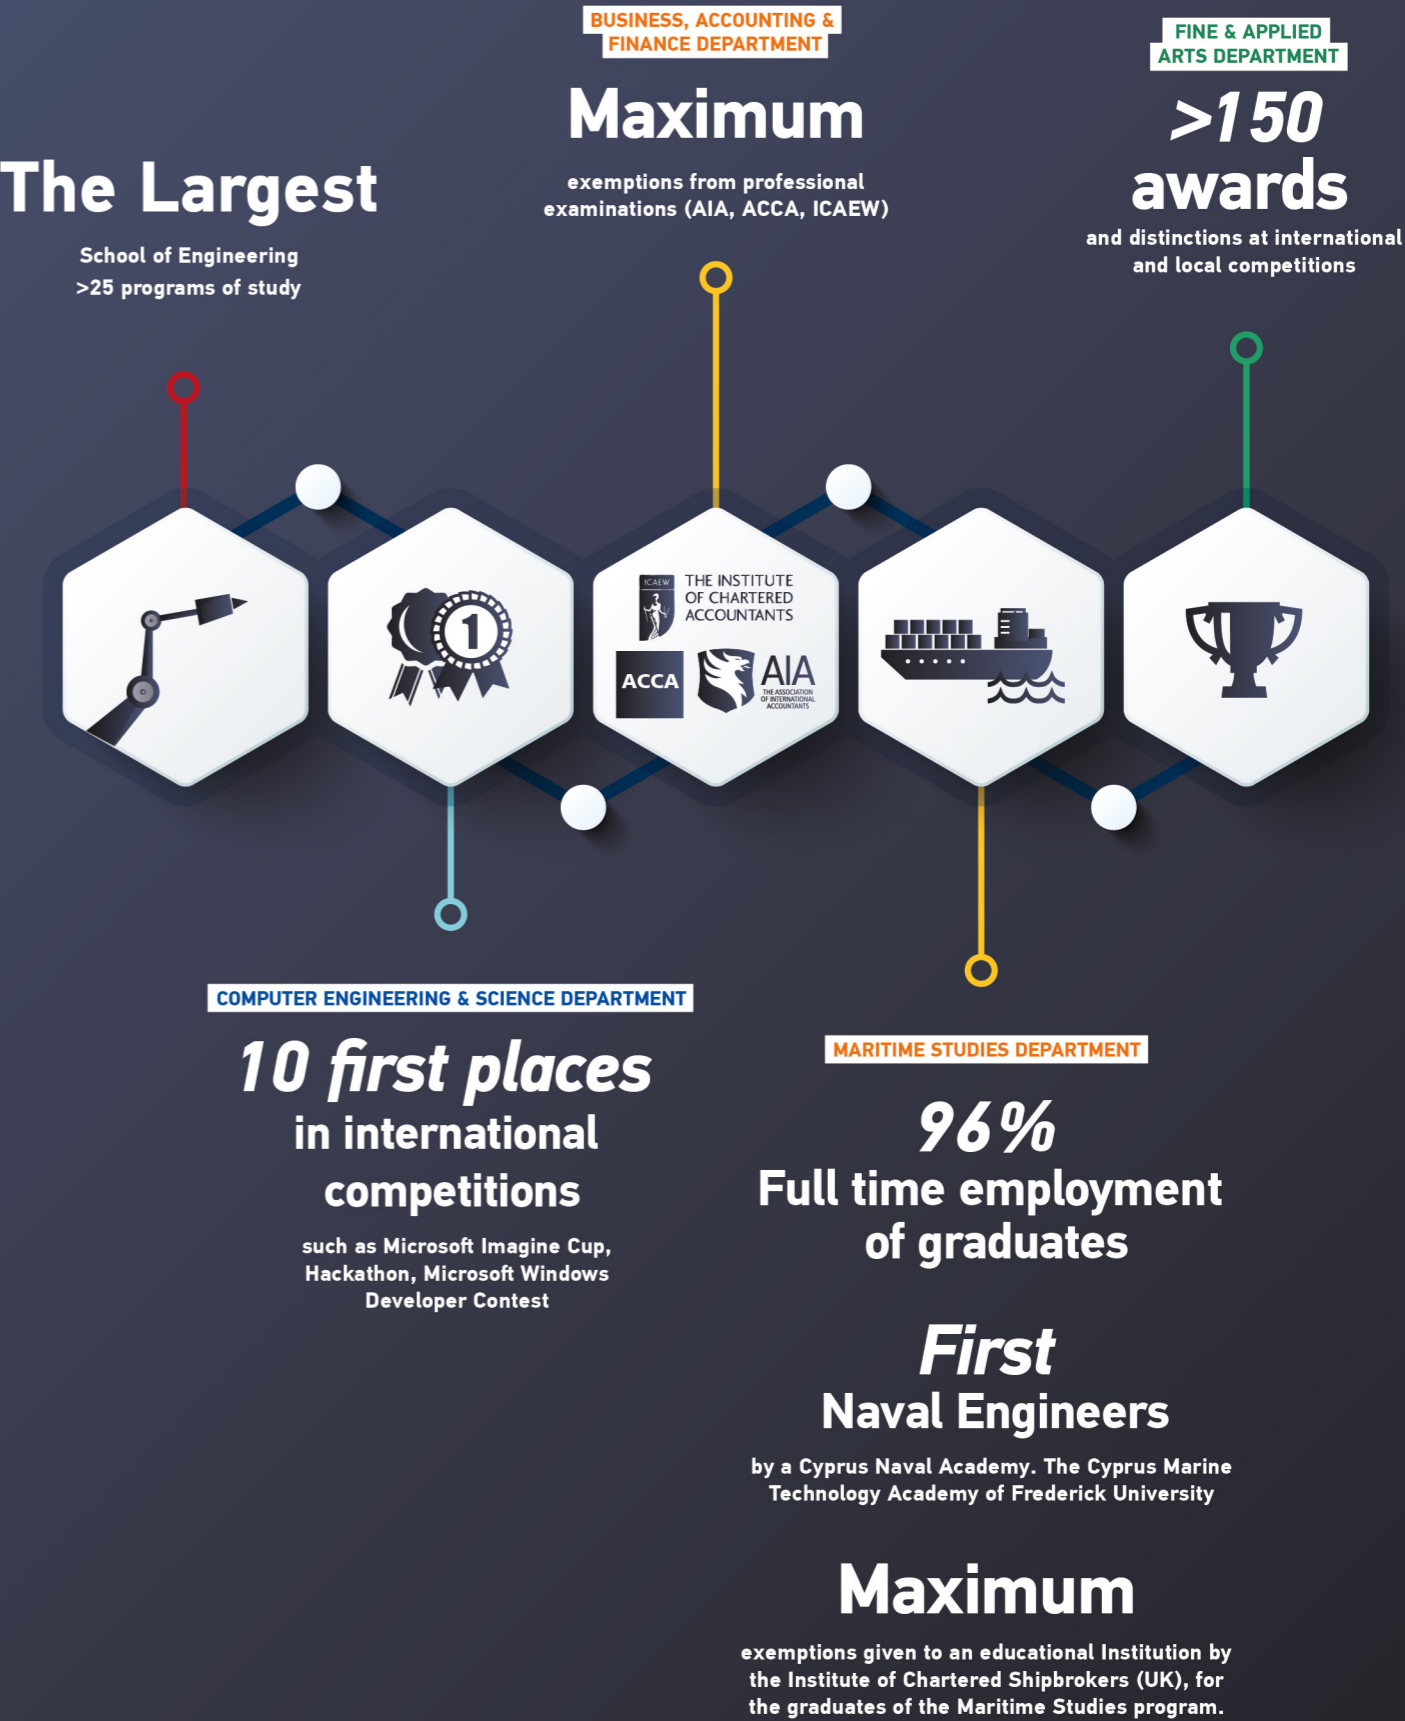

Please visit our website at www.frederick.ac.cy/admissions/ admission-information for detailed information about the admission procedure as well as other useful information such as:

- Additional Preparatory Classes
- English Language Requirements and the English and Mathematics Placement Tests
- Enrolment
- Admission Process (What to submit)
- Right of employment of students from non-EU countries

Applicants are also welcome to contact the Admissions Office at info@frederick.ac.cy to receive information and guidance on the programs of study as well as on proper documentation, attestation procedure and other formalities to be followed.

University and Student Successes at a glance

“I would describe my experience at Frederick University as exciting and dynamic. One of the best things about the postgraduate studies at Frederick was having a freedom to think openly. I felt extremely lucky to be in an environment that allowed me to conduct research on what interests me the most, to discuss new ideas, and to test my predictions freely. To any new student coming to the University, I would like to say: Throw yourself at every opportunity that comes your way. Frederick University will provide you with an ideal platform to scale up your capabilities to ultimately grab the highest possible opportunities”

Muhammad Ali Babar Abbasi
Pakistan

“It was a great opportunity to study in the Department of Computer Science and Engineering at Frederick University. I had guidance which helped me identify a career path that I would not consider without such involvement in practical training. In my experience, you are not going to be left out, even if you do not speak any Greek. The time I spent at Frederick University will always be the warmest, and full of fun and small challenges which help you accumulate the experience and knowledge of professionals”

Diana Zolotareva
Russia

“I graduated from the department of Maritime Studies. Currently I'm working for the SCF Management Services as a ship operator. The program allowed me to gain both a deep theoretical and a practical background. During my four years of study I learned the fundamental aspects of the Shipping Industry and doors have opened to me to obtain an interesting job in the profession.”

Anna Simagina
Ukraine

“I am really grateful and lucky at the same time for having the opportunity to complete the Accounting & Finance programme at Frederick University. It made me grow as a person and succeed at a professional level as I was hired immediately after my graduation by a well-established international company. The program provides students with a lot of opportunities that are not necessarily related with accounting. I continued my education at Frederick, graduated from the MBA programme and currently hold a sales manager position.”
