2th
University

in Spain for quality research

(CYD Report 2008)

Excellent research centres, such as
University Hospital Complex of Santiago

And the Lugo Veterinary Hospital

A university committed to development

A cosmopolitan university
with students from all over the world

Exchange programmes with
more than 1000 universities in over 80 countries

Students, teachers, researchers
and administrative staff exchanges

At the head of
uninvest

It promotes hundreds of innovative ideas
by young enterprising people from all over the world

A meeting place
to establish contacts and relations for the future

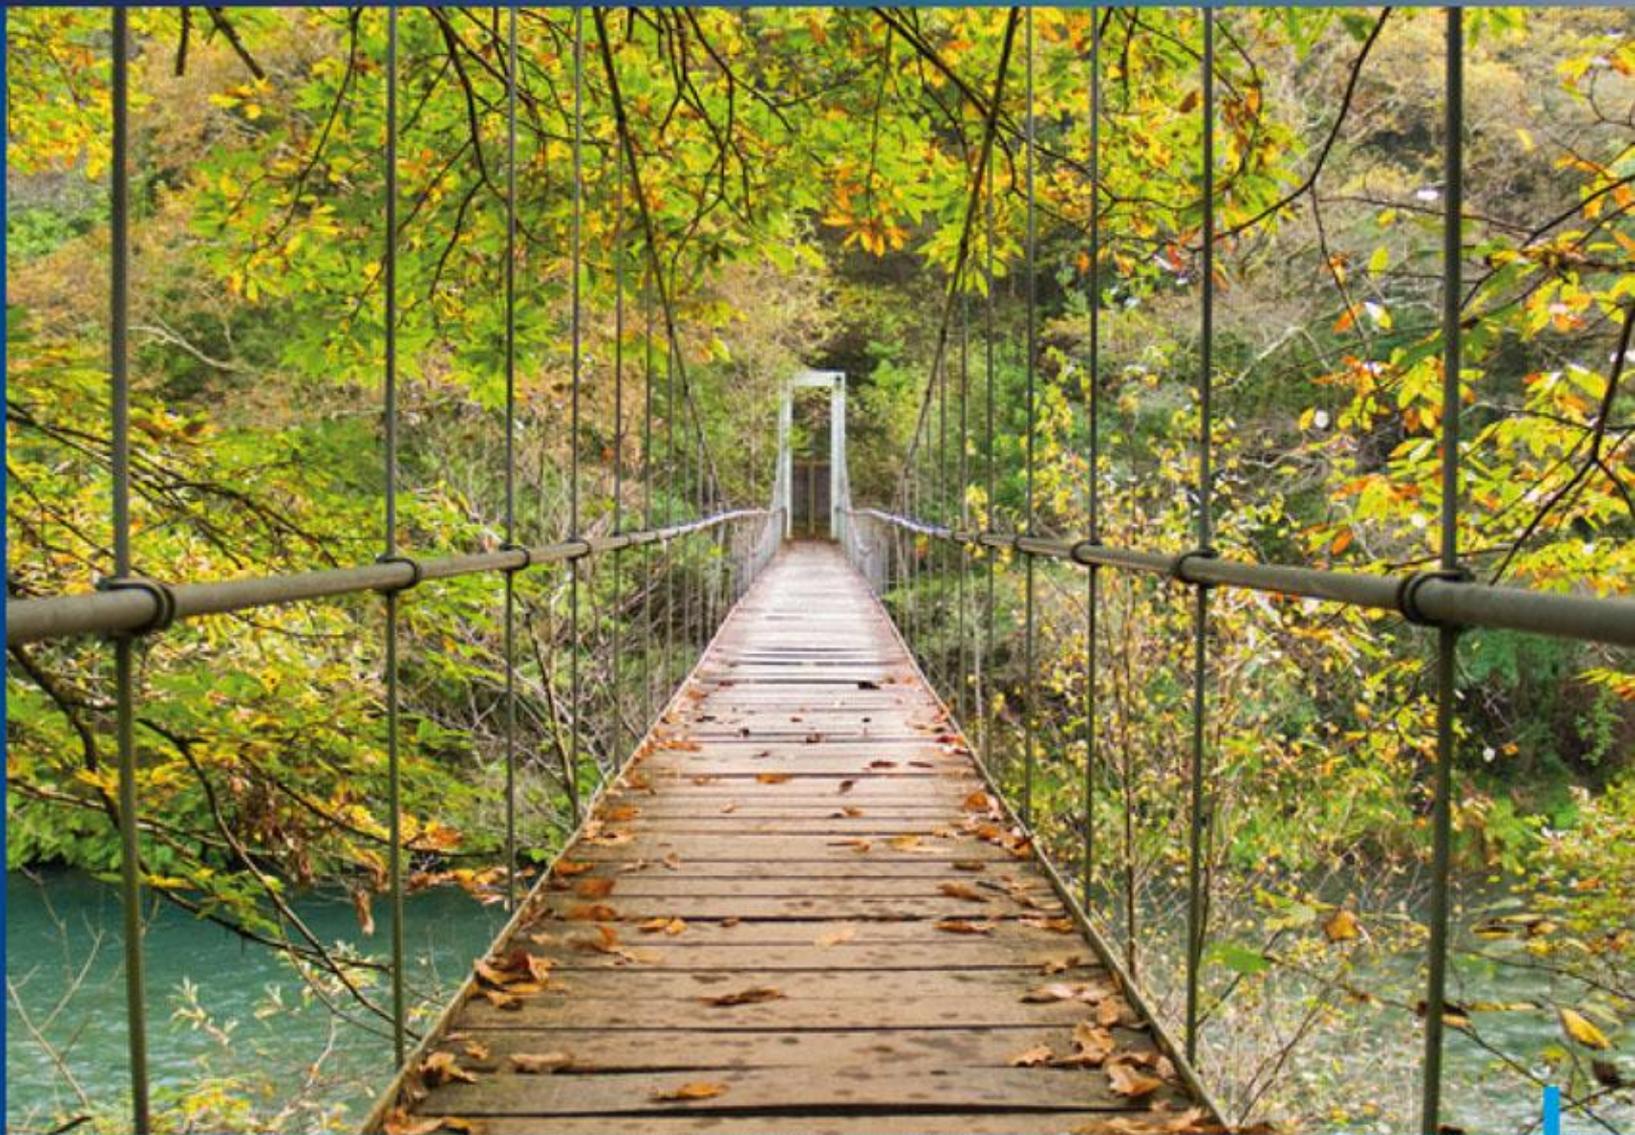

Spanish courses

you will learn languages at the USC

study, live and discover Galicia

Enjoy its immense natural beauty
(Fragas del Eume nature park)

you will discover traditional trades, like fishing,
which leads to one of the best gastronomies

you will enjoy great landscapes
where the sea joins the mountains (Cíes Islands)

you will be part of a thousand-year-old culture and tradition

you will also be able to travel
the more than 1,700 kilometres of coastline

and you will be able to delve deep into the history
of the Way of St. James
